VEHICLE PHOTO REPORT INSTRUCTIONS

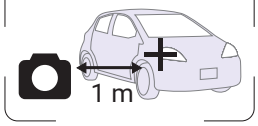

What photos need to be provided after concluding a KASKO insurance contract?

1 Front – the left side

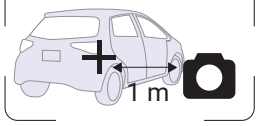

Required:
A photo of the entire vehicle showing the license plate, the front of the vehicle, and the left side.

2 Front – the right side

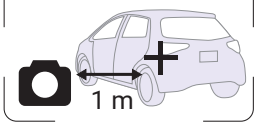

Required:
A photo of the entire vehicle clearly showing the license plate, the front of the vehicle, and the right side.

3 Back – the right side

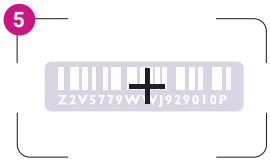

Required:
A photo of the entire vehicle clearly showing the license plate, the rear of the vehicle, and the right side.

4 Back – the left side

Required:
A photo of the entire vehicle clearly showing the license plate, the rear of the vehicle, and the left side.

5

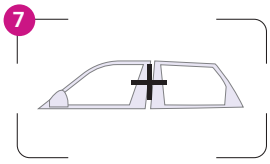

Required:
A photo of the vehicle's VIN (or the chassis number, if no VIN is available), clearly showing both the number and the part of the vehicle that allows the vehicle to be identified.

6

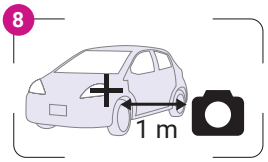

Required:
A photo of the vehicle's dashboard with the engine running, clearly showing the mileage.

7

The vehicle photos must clearly show all parts of the vehicle, including the unfolded side mirrors, the sunroof (if equipped), and the front, rear, and side windows.

8

If the vehicle is damaged, provide photos that clearly show the damage. Take the photos from different angles and from no more than 1 metre away from the vehicle.

Photographs specifications:

- The photos must have been taken no more than 5 days before the actual upload date.
- Take the photos outdoors in daylight. If weather conditions do not allow this, take them indoors in a well-lit area.
- The vehicle must be clean (e.g. not covered in snow or wet from rain).
- The photos must clearly show all body parts (e.g. the bumpers, fenders, lights, and sides).
- Submit the original-size photos without resizing or compression.
- The photos must not be edited or retouched.

Make sure the photos are of good quality. The vehicle make and license plate must be clearly visible. The vehicle must not be obstructed by other objects, and the photos must not contain strong glare or heavy shadows.

If the photos include other people or objects, such as another vehicle with a visible license plate, before saving or sending the photos to our representative, obscure the license plates of vehicles not related to the insurance contract and any personal data of individuals.

Upload the photos:

- Quickly and conveniently upload photos of the insured vehicle using the Lietuvos draudimas mobile app or the savasLD self-service portal.
- Upload the photos **while creating a new insurance policy**, under your selected insurance quote.
